SAINT PAUL NONPROFIT CHARITABLE ORGANIZATION

*"Grassroots.org is proud to help further SPANCO's noble mission"
-Angela Stuber, Grassroots.org*

Fighting Poverty in Ghana

The mission of St Paul Nonprofit Charitable Organization is to empower people in developing countries to become economically self-sufficient.

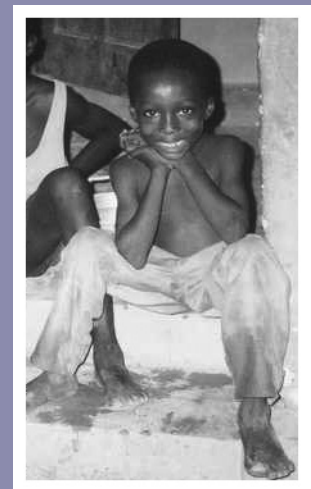

2) Agriculture – Hunger is a common problem for many Ghanaian children and families. SPANCO aims to combat this problem by building equipment to improve food storage and harvesting techniques.

"Grassroots was instrumental in helping SPANCO reach out to our potential benefactors, the press, and people who wish to support our mission through prayer and moral support"

SPANCO's programming is concentrated in Ghana, a developing nation in Western Africa. Initiatives are targeted at three specific areas:

1) Education – Approximately 50% of Ghana's population is illiterate. SPANCO combats this problem by funding individual education.

3) Healthcare – Lack of access to medical clinics is a severe problem in Ghana. People often die for lack of access to basic health care. SPANCO is helping build a hospital in a needy area of the country; when complete, the hospital will give 32,000 people access to necessary care!

"SPANCO is devoted to our commitment to send 100% of our funds to those we are helping in Ghana. Grassroots has helped us honor that commitment, saving us weeks of frustration, hours of effort, and thousands of dollars through their comprehensive web services plan. The real beauty in this savings is that we are able to pass them onto those we serve: needy Ghanaian adults & children."
